The property is zoned Rural Residential, but limited legal access makes development economically infeasible. Potential development footprint in coastal sage scrub and threatened coastal California gnatcatcher habitat would be greatly limited by the City of Poway conservation requirement for its regional HCP.	Legal access (easements over adjacent property) toward Poway Road, only from the southern end of the property. Dirt hiking trail exists. No legal or developed access to northerly 82.31-acre segment of the property.
